Therapy Dogs International (TDI) Test - Saturday July 28th at 9:00 a.m.

DTCDC will sponsor a TDI test - which includes the AKC CGC - with TDI modifications. Even if your dog has already earned the AKC CGC, you will need to take the test again with TDI modifications.

TDI regulates that you may not have your dog registered with any type of Therapy Dog related program or organization other than TDI. If you are registered and doing therapy dog visitation with another organization you are not eligible to take this test. You must provide TDI with proof of visitation in the first three months after you receive your and the dogs TDI identification.

All breed and mixed breeds welcome.

Your dog must be one year old or older to be eligible to take the test.

TDI requires us to advise you that **prior to testing and registration with TDI, you are responsible for your dog's actions** and that **TDI insurance will not apply to non-registered dogs.**

Pre-registration and pre-payment are required. There is a general 'no refund' policy unless DTDCDC has to cancel the test. **Registration** is limited. You will be entered in date order your Pre-Entry form and check have been received on a first come first serve basis.

Note: Your pre-entry and check, once received, will be confirmed by email (or telephone). Your pre-entry payment demonstrates that you have **read and understood** the rules outlined in this document.

Your dog needs to wear a **buckle collar or harness**, a **leash long enough to be 'loose'** when walking at your side. Bring your dog's AKC number if you wish the CGC to be registered with the AKC (not required). DTDCDC requires that we check the dog's vaccination record including the rabies certificate (tags do not qualify).

Only dogs entered in the test may come inside the building
