These committee chairmen please attend the January Board meeting: Maintenance, Education, Membership and Training. Thank you.

(Proposed) **DTCDC MEMBERSHIP PROCEDURES**

To become an active member of the DTCDC, an applicant must complete 12 weeks of training at the DTCDC and must have enrolled in the Novice Polish class, which is a 6-week course. This time frame will enable the applicant to become familiar with the DTCDC training philosophy and methods and provide DTCDC members an opportunity to become acquainted with the applicant.

Applicants who have taken beginning training elsewhere are required to attend 12 weeks in a DTCDC Novice, Open, or Utility class before becoming eligible to apply for Club membership.

Upon completion of the above attendance requirements, the applicant fills out a membership application and gives it to a member of the Membership Committee. The application will be read at the next DTCDC Board meeting by a member of the Membership Committee. If the Board has already met for that month, the application may be presented by polling the Board at any time before the ensuing Club meeting. A copy of the pending application is given to the PawPrint editor for publication, if possible, in the next newsletter.

The applicant is invited to attend the next Club meeting at which a Membership Committee member will introduce the applicant to the Club members. At the following Club meeting, which the applicant does not attend, the membership votes on the applicant.

Upon approval of the application, a member of the Membership Committee gives the new member (1) the Club letter welcoming them, (2) a Club roster, and (3) a membership packet which contains the Club by-laws and committee descriptions. A copy of the approved application (with a notation as to the date applicant was introduced and the date applicant was accepted) should also be furnished to the Club's secretary, treasurer, and PawPrint editor.

The new member should be instructed to mail or give Club dues to the Club treasurer. New members voted on in July or after will have their dues prorated according to the by-laws.

Former Club members who would like to reinstate their membership may do so by (1) filling out an application (noting "REINSTATEMENT" at the top thereof) and (2) attending the next Club meeting where a member of the Membership Committee will introduce them and inform the Club of their reinstatement.

Applicants for Special Activities Associate must complete the appropriate application form and give it to the appropriate committee chairperson, who will then present it to the Membership Committee for consideration.

This company has had an A plus rating for the last five years. The policy is for \$100,000 with a \$250.00 deductible for \$629.70/year. BUILDING MAINTENANCE- Paint day is scheduled for June 20th (Saturday) at 1:00 pm.

COMMISSARY/VENDING- none

HOUSEKEEPING- We have been having a lot of trouble with fleas and rats. Please pick up large hairballs as you see them- they tend to harbor fleas. Also, Lisa will be putting out a new rat bait so watch your dogs- we don't know how attractive it may be to them.

Please note that the water cooler freezes a lot, so Lisa has left it unplugged. Better to have tepid drinkable water than none at all.

Please remember to adjust the air conditioner before you leave the building. If you know how to make it cooler, you know how to set it back up to 80 degrees before leaving! This small thing makes our electric bill astronomical!

BUILDING RENTAL- none

EDUCATION/COMMUNITY RELATIONS- We will be at the Hampton/Singleton Library on Saturday, June 6th to kick off their summer reading program.

MINUTES OF THE MEETING OF JUNE 2, 1992

OLD BUSINESS- Bob Garrett has not been able to find out anything more on the ceiling acoustics. Apparently, nobody is interested in doing this work.

The issue of possibly purchasing a copier for club use has been temporarily tabled.

Grace Robinson, DVM will hold a tatoo clinc at the clubhouse on Thursday, June 25 at 7:00 pm. There will be another clinc scheduled in July but the date has yet to be decided. THANK YOU, Grace, for volunteering your time and skills!

NEW BUSINESS- Bob Garrett has been talking with our insurance company about extending their coverage for events and activities that take place outside of the clubhouse itself. He will supply the insurance company with a list of the dog breeds that participate in activities such as Promenade Pups, flyball and agility. Hopefully, they will then be able to tell us what they will cover and what it will cost.

SPECIAL BUSINESS- Recently we realized that we are not exactly prepared for emergencies at the clubhouse. The electricity went off during a Monday night KPT class (during a storm) and there was no back up lighting- not even flashlights. After discussion, it was decided that Ken Hall will look into obtaining floodlights for mounting above all three potential exits- the two regular doors and the "garage" door. These floodlights would only come on if the power is cut off. It was also decided that Tom Whitaker would obtain two rechargable flashlights which would remain plugged into electrical outlets until needed. In addition, it was moved, seconded and passed that both doors to the building would remain unlocked whenever we have public classes at the clubhouse.

We will be offering the Canine Good Citizen Test as the graduation for the most recent Intermediate class. "Graduation" will be Monday, June 15 at 7:00 pm. Please come out if you would like to see what the CGC Test is. Once we get a feel for the test, we will arrange to offer it to club members and the general public. If you would like more information about the CGC Test, call Virginia Grossman at home or work.
